ENLIST IN YOUR NAVY TODAY

This is a WAR-TIME ISSUE

The war-time enrollment of Union College is not a normal enrollment, but in spite of this and in spite of the difficulty of obtaining materials for a yearbook, the STESPEAN staff is proud to be able to publish this 1945 edition, marking the first time that a STESPEAN has been published since the United States entered World War II in 1941.

All the pictures in this issue are not representative of the Union College of peace-time. Some activities, such as a full athletic program, have to be discontinued when the male enrollment decreases.

This STESPEAN represents Union College while its young men are at war.

A Spanish club was first organized at Union in 1943 under the leadership of Professor and Mrs. A. B. Easterling; in 1944 the club chose its present name, which means "a gathering of friends who meet for discussion and recreation."

Very active this year, La Tertulia's outstanding accomplishment has been the monthly publication of a Spanish news sheet. The members also cooperated in producing a Spanish play, "Nochebuena," with all characters costumed and speaking Spanish. The club sponsored a table for Spanish-speaking students in the dining hall and arranged for a Spanish-American exhibit in the library.

At the semi-monthly meetings of La Tertulia the business sessions are frequently conducted entirely in Spanish; at these meetings the members have especially enjoyed programs leading to a deeper understanding of and appreciation for Hispanic peoples, their culture and their contributions to world civilization. Spanish games are played and Spanish songs sung after many of the programs. The hostesses served a Mexican supper, featuring chile and hot tamales, at one of the March meetings. Pan-American Day was observed by the presentation of another Spanish play, entitled "Una Fiesta Mejicana."

The John Owen Gross Chapter of the Future Teachers of America was organized in April, 1943, to serve as a means of heightening professional interest among the prospective teachers on the campus. Members of this organization also have membership in the Kentucky Education Association and in the National Education Association.

At the monthly meetings of F. T. A. programs of assistance to teachers are presented; this year the needs of teachers in rural schools have been emphasized in program planning.

Among the club's projects for the year was the production of a radio play, "Utterly Fantastic," presented in chapel in recognition of American Education Week. Other activities included the sale of War Stamps, assisting at U. C. E. A. and raising money toward the purchase of a flag pole.

Sponsored by Miss Kathleen Moore and Dr. Otis C. Amis, the F. T. A. is the only club on the campus which is directly aligned with a national professional organization.

Union's only all-college organization in which every student is eligible to membership, the Union College Christian Association was first organized in 1939 to combine the student Y. M. C. A. and Y. W. C. A.

The U. C. C. A. was instituted to unite all religious faiths on the campus into one group which, while devoted to the advancement of

Christian ideals, is not affiliated with one particular denomination.

The executive committee endeavors to bring to its services speakers of every denomination and discussions on all religious subjects. Professor David Wesley Soper is faculty sponsor of the group.

The Science Club's purpose is to increase the interest of students in the more recent discoveries of the scientific world and to instill in its members an appreciation for the sciences.

Jesse Fitzgerald, the skeleton of a Negro hanged in Barboursville in 1907, is the club's mascot and hangs in state in a cabinet in the biology department.

The club's outstanding activities for this year

were two week-end excursions to Cumberland Falls, where opportunity was afforded for study of various plants and for examination of rock formations. They also made a study of a fossil tree in Harlan County.

Sponsored by Professor H. E. Alder, the group, one of the largest clubs on the campus, meets once each month to discuss notable scientific discoveries and to enjoy the fellowship of students of the sciences.

An outgrowth of a group interested in modern drama, Playlikers was organized in 1927 under the direction of Miss Abigail E. Weeks. Since its beginning the club has provided various dramatic entertainments for the College, including at least one three-act play each year. From 1934 until 1945 Playlikers was expanded and improved through the leadership of Miss Stella Ward.

This year the club, limited in activity as a result of the shortage of men students, has concentrated on the presentation of one-act plays and novel programs for each Friday's chapel.

At its semi-monthly meetings the organization, sponsored this year by Miss Leila Poage, brings to the members programs on make-up, stage settings and dramatic technique.

OXFORD CLUB AND AUXILIARY

The Oxford Club has sought through many years to provide Christian fellowship in thought and activity for the ministerial students in the College. To this end the young preachers of the campus meet together twice a month, with the counsel of Professor D. W. Soper, under the leadership of their own organization. Devotions, the reading by the young men of their own research essays followed by critical comment, the counsel of experienced off-campus church leaders, and informal fellowship mark these regular meetings. At each meeting also definite projects are discussed and adopted, including gospel team services

in churches of the area, assistance by the entire club to revival efforts conducted by individual ministerial students in their week-end pastorates, the establishment of an "Upper Room" prayer chancel, the chairmanship of chapel programs, and leadership in dormitory prayer services.

In the fall of 1944 an Oxford Club Auxiliary was formed to include all those students who have chosen full-time, unordained Christian service as a life work. These young people, both men and women, have already been engaged with the Oxford Club in Christian programs, in campus Christian leadership and in personnel or gospel teams.

Union's honorary scholarship fraternity, Iota Sigma Nu, was founded May 26, 1936, as a reward for scholastic achievement, diligence in study and high ideals. Membership is open only to those students who, after completing a minimum of two years' residence credit at Union, have met the requirements for graduation with honors, or who, at the end of the second quarter of their

junior year, have a standing which, if maintained, will enable them to graduate *magna cum laude*. Faculty members may also be elected to the fraternity.

Each year at Commencement Iota Sigma Nu awards prizes to the freshman and sophomore making the highest scholastic average in their respective classes.

Etiquette, nutrition and fashion are also emphasized in the semi-monthly meetings, one of which is social and one business.

KENNETH DELONG

Despite the war-enforced lapse in Union's official inter-collegiate athletic program, a small group of sports-minded students organized an unofficial, independent basketball team known as the "Mighty Maggots." Formed from the ranks of Miss Page's physical education classes, this group has played unofficial games with such teams as Lincoln Memorial, Corbin Independents, Barbourville High and Jenkins High.

KYLE SMITH

CECIL BOWLING

To encourage the "Maggots," the student body elected five cheerleaders, who served proficiently as spark plugs for cheering fans and added to the school spirit.

The interest of this team and the students has made probable the re-entry of Union College into an official inter-collegiate basketball program next year.

Alma Mater

*Girt with many a grand old mountain
Stands our College dear,
While the Cumberland sings ever
Praise for her to bear,
Union College, Alma Mater,
We would praise thee, too,
For the strength of precepts taught us,
We'll to them be true.*

CHORUS

*Union College, dear old Union!
Union, strong and free!
Loyal sons and daughters ever
We will live for thee.*

*For the greatest of all lessons
Praise is ever thine;
Faith in God and in our brother,
Service, too, sublime,
As we go to meet life's conflict,
We shall victors be,
If we're loyal to the precepts
Taught so well by thee.*

IN APPRECIATION

The Stespean staff wishes to express appreciation to every person who aided in the production of this annual—those staff members who worked so faithfully, our literary and business advisers, those students who contributed snapshots, those who in any way helped us in the work on this yearbook.

Special thanks is due to Mr. E. W. Benson of the Benson Printing Company for his helpful advice and assistance to the editor, and also to the following students who voluntarily assisted the staff, and the following members of the faculty, not directly connected with the annual, who nevertheless proved a source of invaluable aid:

CECIL BOWLING
BARBARA CRAVENS
VIRGINIA GRABLE
RHEA LONG
EVELYN PAYNE
MR. JAMES F. BLAIR
PROF. PHILLIP I. PETERS
MISS ALLEEN WILSON
DEAN C. R. WIMMER

And, in conclusion, the staff wishes to thank those businessmen whose advertising has helped make this yearbook possible. We hope you will patronize them.
